Profile

Aspiring Computer Science junior at the HITEC University Taxila.

As a first-year college student pursuing a degree in Computer Science, I am enthusiastic about delving into the world of coding and software engineering. I am eager to develop a strong foundation in programming languages, algorithms, and data structures to become a proficient software developer. With a passion for problem-solving and a curiosity for emerging technologies, I am committed to honing my skills, collaborating with peers, and staying up-to-date with industry trends. My goal is to leverage my education and experiences to contribute to innovative solutions in the ever-evolving field of technology.

I'm a young enthusiast with a keen eye for photography and a passion for videography. My journey behind the lens began as a simple fascination and has since evolved into a compelling creative outlet. I thrive on capturing the beauty of moments and telling stories through visuals.

Beyond my love for visual arts, I'm deeply committed to self-development and productivity. I believe in continuous growth and strive to learn something new every day. Whether it's through books, online courses, or practical experiences, I'm always seeking ways to become a better version of myself.

When I'm not working you can catch me reading or Drawing.

Education

09/2020 – 07/2022

Pre-Medicine/Pre-Medical Studies | FSC **F.G. Sir Syed College, Rwp**

FG Sir Syed College Mall Road, Rawalpindi, holds a special place in my heart. It's not just a college; it's a vibrant community where academic excellence meets cultural diversity. The teachers are inspiring, the campus is bustling with activities, and friendships forged here last a lifetime. The college not only focuses on education but also nurtures character, creativity, and critical thinking. Studying at FG Sir Syed College was a transformative experience that prepared me for the challenges of the future.
